PRESIDENT'S MESSAGE

Year End

It's been a wonderful year for our club. We've had a pancake breakfast, underwater Easter egg hunt, Catalina camping trip, Coronado trip, southern channel islands 3-day trip, carne asada BBQ, movies on the beach, at least one new shore dive site, a new dive master, two new instructors, and a membership holding steady at just over 100. Several key members,

throughout the year, generously give their time and effort at club events to set up, cook, clean up, tear down, run dives, show movies and provide supplies without asking for thanks or reimbursement. You all know who you are. Thank you. Your generosity keeps our club alive and well. To finish off the year we'll have our underwater Santa and parade of lights boat ride this

month. I know I'll see most of you at both. Early next year, elections for club officers will come around again. All of the current officers have been strongly active for several years and will continue their efforts regardless of officer status. Some, of course, would like a break from holding office. If you're interested, please step up. We'll be glad to have you. Thanks for a great year.

At Our Last Meeting

As sometimes happens, we were caught short with a last minute speaker cancelation last month. Not to worry. We enjoyed a 20 minute DVD of this years southern channel islands Horizon 3-day trip put together by Mike King. Along with those pesky seals, we were treated to memories of 100' vis at San Clemente, the great food by chef Corey, and all our crazy red dress friends.

Photo Contest

Photo of the month contest

The club officers have come up with a friendly contest we all can enjoy. Here's how it works: Take an underwater picture, frame it for easy display and set it up at the meeting with all the other entries. Everyone in attendance votes for their favorite picture and the winner receives five raffle tickets. The intent here is to involve as many people as possible in fun and entertainment.

Even a friendly contest has rules (not guidelines) and we'll all be operating under the honor system. Underwater pictures only, taken during the time since the last meeting. One picture per person per month. Digital or film. Display your picture as you shot it with your camera and lighting settings. Cropping is OK but please refrain from zooming in on your subject or using Photoshop before printing. One vote per person and you must be present at the meeting to vote. Each month's winning picture may be displayed at the following month's meeting as the previous month's winner.

We have several excellent photographers within our membership and as this contest continues, I hope to see the photo display table crowded with stunning pictures for all our viewing pleasure.

**Two Harbors, West End, Catalina Island
April 27th – 30th, 2007**

We have finalized details for our springtime trip to Two Harbors on Catalina Island. Reservations are for the weekend of April 27th through the 30th. Please note that since we are now making the venture over to Two Harbors only once a year we have decided to make this a 4 day weekend. That means we will be heading over on Friday morning, the 27th, and coming back Monday afternoon, the 30th. We will be departing San Pedro for Two Harbors at ~10:00 am on Friday and then returning for the mainland trip at ~2:30pm on Monday. The cost of the trip is \$140* and includes round trip transportation between San Pedro and Two Harbors via the Catalina Express, 3 nights accommodations at Two Harbors camping cabins, breakfast on Saturday, Sunday and Monday mornings, and dinner on Friday, Saturday and Sunday nights. Choice of cabins will be on a first pay, first choose basis. Boat diving has been arranged for both Saturday and Sunday and costs \$72 for each 2 tank dive, the purchase of a boat dive will also get you free tank and weight rentals for the weekend for shore diving. If you would like to sign up for this trip contact Rich Burns by e-mail at sddiver@cox.net or by calling 619-697-6589. This trip always fills up so don't wait too long. *cost of trip is based on per person, double occupancy in the camping cabins.

**Tour of the Collections
Scripps Institution of Oceanography**

Thursday December 14th 6:30 - 8:00

Have you ever seen a giant Squid? How about a bongo trawl? Ever wonder what lurks WAY down below you?

Well, wonder no more. On December 14th there will be a free tour of the items that Scripps Institution of Oceanography has been collecting for about the past 120 years. The collection is the largest University held collection of its kind and comprises 5 separate collections.

Pelagic Vertebrates is the fish collection and has examples of marine fishes from most of the oceans and depths.

Pelagic Invertebrates has krill, squids, octopi, salps and other bizarre and beautiful free swimming organisms.

Benthic Invertebrates has crabs, tunicates, sponges and other bottom dwellers.

Cored Samples has samples of the ocean bottom used to study what the ocean (and the land) were like thousands and millions of years ago. There is a core that has debris from the impact of the asteroid believed to have wiped out the dinosaurs!

Dredged Samples has rocks from the ocean floor used to study how the earth recycles itself through plate tectonics, vulcanism, and upwellings

These collections are not normally open to the public and are used as academic resources by students and researchers. There is no charge for the tour, but you must RSVP in order to attend. Further information such as directions and parking information will be sent upon your reply.
